Re: CPNI Certification and Accompanying Statement  
EB Docket No. 06-36

Dear Ms. Dortch:

Wisconsin RSA #7 Limited Partnership d/b/a Element Mobile (“the Company”), by its attorneys and pursuant to Section 64.2009(e) of the Commission’s Rules, hereby submits its annual Customer Proprietary Network Information (CPNI) certification and accompanying statement.

Should you have any questions or need further information, please contact the undersigned.

Sincerely,

/s/

Marjorie Spivak

**Annual 47 C.F.R. § 64.2009(e) CPNI Certification**

**EB Docket 06-36**

Annual 64.2009(e) CPNI Certification for 2014 covering the prior calendar year 2013

1. Date filed: January 21, 2014
2. Name of company(s) covered by this certification: Wisconsin RSA #7 Limited Partnership dba Element Mobile
3. Form 499 Filer ID: 802302
4. Name of signatory: Gregory A. Aymar
5. Title of signatory: COO
6. Certification:

I, Gregory A. Aymar, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements (including those mandating the adoption of CPNI procedures, training, recordkeeping, and supervisory review) set forth in section 64.2001 *et seq.* of the Commission's rules.

The company has not taken actions (*i.e.*, proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission) against data brokers in the past year.

The company received one customer complaint in the past year concerning the unauthorized release of CPNI by an employee to an unauthorized person. The company investigated the complaint and determined that no information was disclosed and that no breach had occurred.

The company represents and warrants that the above certification is consistent with 47 C.F.R. §1.17 which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Signed  \_\_\_\_\_, as agent of the carrier

### **CPNI Usage Policy Statement**

Pursuant to Section 64.2009(e) of the Federal Communications Commission's ("FCC") rules, this statement explains how Wisconsin RSA #7 Limited Partnership dba Element Mobile's (the "Company") operating procedures ensure compliance with Part 64, Subpart U of the FCC's rules.

#### **Company CPNI Policies**

The Company has chosen to prohibit the use of CPNI for marketing purposes by itself and between its affiliates.

The Company's CPNI Policy Manual includes an explanation of what CPNI is and when it may be used without customer approval.

Employees with access to CPNI have been trained as to when they are and are not authorized to use CPNI. The Company's CPNI Policy Manual describes the disciplinary process related to noncompliance with CPNI obligations, and sets forth the penalties for non-compliance, which can include termination of employment.

The Company has established a supervisory review process regarding Company compliance with the FCC's CPNI rules.

The Company requires affirmative written/electronic subscriber request for the release of CPNI to third parties.

#### **Company's CPNI Safeguards**

A Corporate Officer has been named as the CPNI Compliance Officer and is held responsible for annually certifying that the Company is in compliance with the FCC's CPNI rules and submitting the certification and an accompanying statement explaining how Company complies with the FCC's CPNI rules to the FCC prior to March 1.

The Company takes reasonable measures to discover and protect against attempts to gain unauthorized access to CPNI. Company authenticates a customer prior to disclosing CPNI based on customer initiated telephone contact, online account access, or an in-store visit.

The Company only discloses call detail information over the telephone, based on customer-initiated telephone contact, if the customer first provides a password that is not prompted by the carrier asking for readily available biographical information or account information. If a customer does not provide a password, Company only discloses call detail information by sending it to an address of record or by calling the customer at the telephone of record. If the customer is able to provide call detail information during a customer-initiated call without Company's assistance, then Company is permitted to discuss the call detail information provided by the customer.

The Company has established a system of passwords and password protection. For a new customer, Company requests that the customer establish a password at the time of service initiation. For existing customers to establish a password, Company must first authenticate the customer without the use of readily available biographical information or account information. Company authenticates a customer using non-public information such as calling the customer at the telephone number of record or using a Personal Identification Number (PIN) method to authenticate a customer.

For accounts that are password protected, Company cannot obtain the password by asking for readily available biographical information or account information to prompt the customer for his password.

A customer may access call detail information by establishing an online account or by visiting a carrier's retail location. If a password is forgotten or lost, Company uses a back-up customer authentication method that is not based on readily available biographical information or account information.

If a customer does not want to establish a password, the customer may still access call detail based on a customer-initiated telephone call, by asking Company to send the call detail information to an address of record or by the carrier calling the telephone number of record.

Company password-protects online access to all CPNI, call detail and non-call detail. Company provides customers with access to CPNI at a carrier's retail location if the customer presents a valid photo ID and the valid photo ID matches the name on the account. Company has procedures and policies in place to notify a customer immediately when a password, customer response to a back-up means of authentication for lost or forgotten passwords, online account, or address of record is created or changed through a carrier-originated voicemail or text message to the telephone number of record, or by mail to the address of record.

In the event of a CPNI breach, Company complies with the FCC's rules regarding notice to law enforcement and customers. Company maintains records of any discovered breaches and notifications to the United States Secret Service (USSS) and FBI regarding those breaches, as well as the USSS and the FBI response to the notifications for a period of at least two year.

#### **Actions Taken Against Data Brokers and Customer Complaints**

Company has taken no actions against data brokers in the last year. The Company received one customer complaint in the past year concerning the unauthorized release of CPNI by an employee to an unauthorized person. The company investigated the complaint and determined that no information was disclosed and that no breach had occurred.
